The Audi Q7

Pricing and Specification Guide

Valid from April 2011

Personalising your Audi Q7

This guide has been designed to help you tailor and price your Audi Q7 quickly and logically. At the back, you will find information on CO_2 emissions-based vehicle excise duty and other services offered by Audi, including Finance and Insurance. Alternatively, you can go to audi.co.uk and configure your Audi Q7 online.

Vorsprung durch Technik

Three words that express the very essence of Audi. Vorsprung durch Technik isn't a slogan. It's our way of seeing the world. It is the driving force behind our history of innovation that continues into the 21st century. Indeed, many technologies that Audi pioneered remain in our cars today. Some are milestones in the history of the motorcar.

From our beginnings in 1899, to the Auto Union team's Grand Prix successes in the 1930s and our more recent wins at Le Mans, we have always been at the forefront of the motor industry.

Vorsprung durch Technik makes us who we are. To see more of its influence, just read on.

The Audi Q7 comes with the cleanest diesel technology in the world

The Audi Q7 is available with a choice of five powerful engines – three diesel and two petrol – all of which use advanced fuel-injection technology. Features include adaptive air suspension, rear acoustic parking, rear LED lights and an optional HDD-based navigation system, as well as one other trademark Audi innovation: road-holding quattro® permanent all-wheel-drive, which keeps the car balanced in all conditions, across any terrain. Select the 3.0 TDI® 'clean diesel' version and you can take advantage of the cleanest diesel technology in the world, which uses a special additive to significantly reduce nitrogen oxide emissions. Whichever model you choose, you'll also benefit from the practical 7-seat interior, which leaves enough room for the whole family.

IN TE 1408

Efficiency

At Audi, doing less is something we're trying to do more of. We're working to use less fuel, release less CO_2 and waste less energy. It's why we've incorporated a number of more efficient technologies into the Audi Q7.

Recuperation

When a vehicle brakes, the discs convert the kinetic energy into thermal energy, which is wasted as it cannot be used. With a recuperation system like the one in the Audi Q7, the kinetic energy is converted into useful electrical energy. The way it works is simple. While the car is coasting or braking, the alternator voltage is raised above the level of the basic electrical system, which enables the alternator to generate electrical energy and store it temporarily in the battery. When the vehicle accelerates, this energy is used to relieve the load on the alternator, resulting in a fuel saving of up to 3%.

Images for illustrative purposes only

Aerodynamics

A car's shape can have a big impact on its efficiency. It's why we've worked to make the Audi Q7 as aerodynamic as possible, including technology such as adaptive air suspension that responds to changes in speed. It means that the Audi Q7 becomes more aerodynamic at high speeds, while still offering good ground clearance in off-road situations.

Automatic Start-Stop function*

In heavy traffic, your car still uses fuel and releases CO_2, even when it's stationary. The automatic Start-Stop function counteracts this problem by switching off the engine when your car comes to a standstill. As soon as you release the brake pedal, the car restarts.

*Only available on 3.0 TDI engines

Engines

Petrol

TFSI® direct-injection technology is a unique Audi innovation that includes supercharging, which combines FSI® technology with forced induction – giving cars an extra injection of power and torque. It also delivers enhanced fuel efficiency as precisely the right amount of fuel and air are injected into the combustion chambers, enabling the engine to 'breathe' more easily. It results in reduced heat loss and increased output, with around a 15% reduction in fuel consumption and significantly lower exhaust emissions.

Diesel

We introduced TDI® to the roads in 1989, marking a departure from the noisy, fuel-thirsty diesel engines of the past. And since then, we've continuously refined it, recently developing common-rail technology. Under this system, a series of piezo injectors use electrical charge to precisely control the amount of fuel injected into the engine. As well as reducing noise, this allows combustion to happen at a lower temperature, with less oxygen, which lowers emissions.

Images for illustrative purposes only.

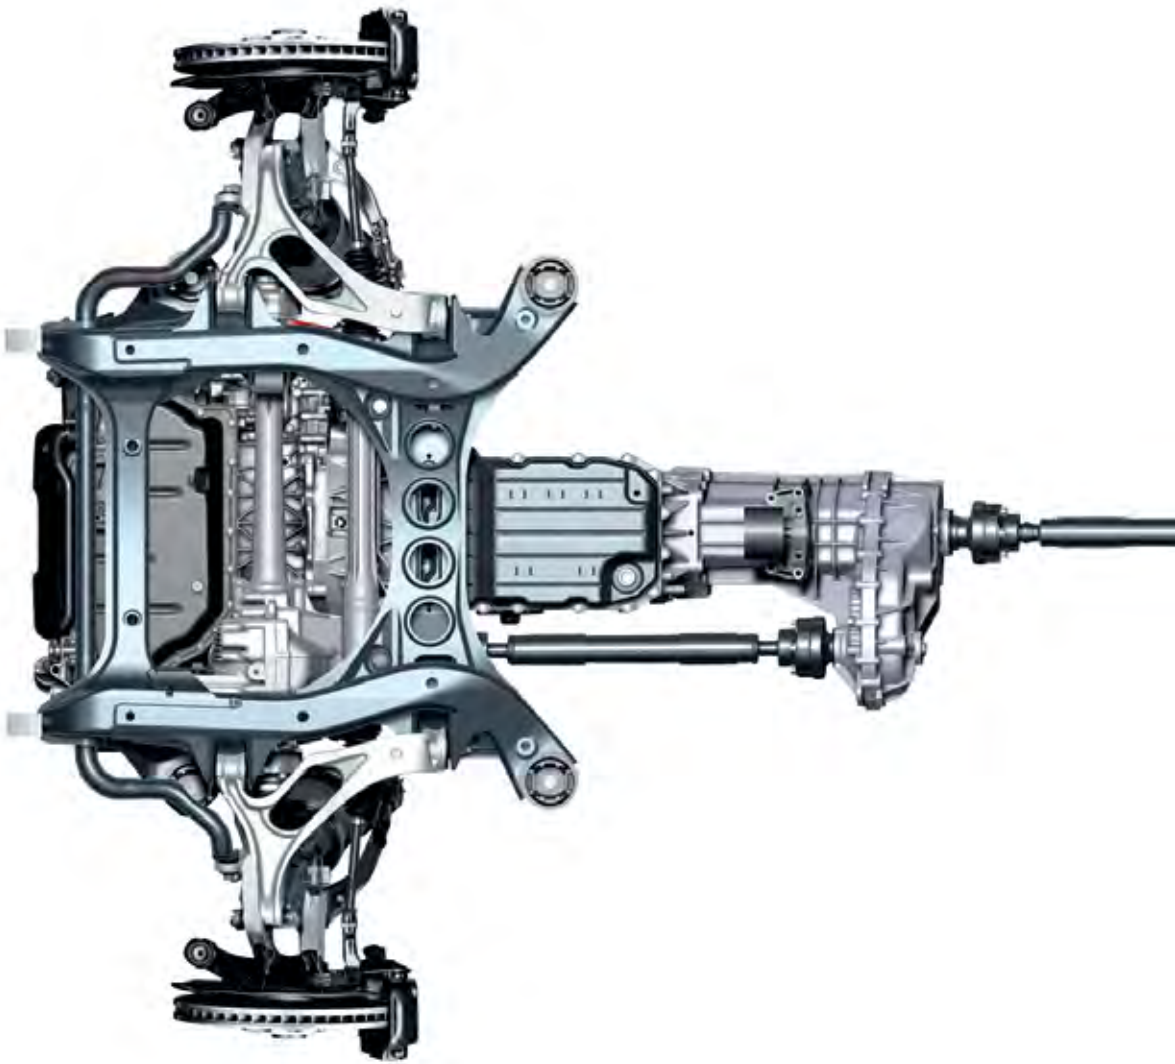
Transmission

8-speed tiptronic

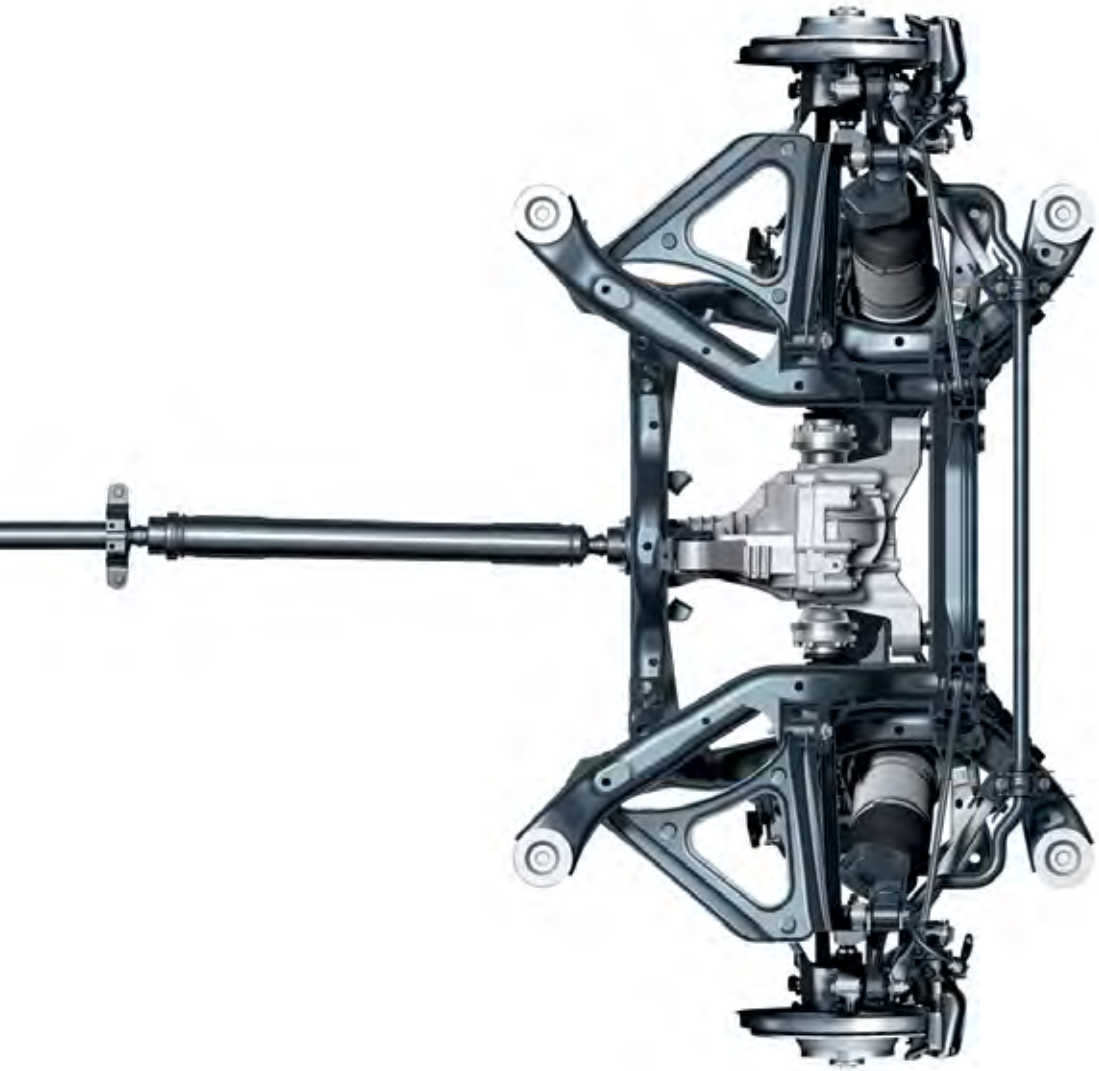
The Audi Q7 comes with a brand new gearbox – an advanced 8-speed tiptronic transmission system which reduces both fuel consumption and CO_2 emissions. It converts high-torque engine power into sporty performance and operating convenience, with crisp, fast gear changes and an optimised gear-shift strategy. More spontaneous gear changes are a particular benefit, especially when downshifting. Both in the ‘D’ (Drive) and ‘S’ (Sport) programme, the advanced electronics used in tiptronic respond efficiently to every driver input.

quattro®

It’s the technology that’s given us the edge on the rally circuit ever since it was first introduced over 30 years ago, bringing victory for the Audi quattro® on its very first outing. It’s called quattro® permanent all-wheel-drive. In this system, four permanently driven wheels deliver better acceleration, road-holding and safety, while asymmetric-dynamic torque distribution intelligently controls the flow of power to the front and rear axles.



Images for illustrative purposes only



It means that the Audi Q7 can ‘read’ the road, sensing changes in the surface beneath the wheels and adjusting their grip accordingly. So when conditions get a little more demanding – in particular, when you go off-road – quattro® adapts, putting all the force of the Audi Q7's engine precisely where it’s needed to handle the change in terrain.

Standard model equipment

All Audi Q7 models have the following items of standard equipment

Engine

Automatic Start-Stop function for greater fuel and CO_2 efficiency (3.0 TDI engines only)

Recuperation for optimal energy utilisation

Energy saving tips feature in Driver's Information System

Wheels, tyres and suspension

18" x 8J '6-arm' design alloy wheels with 225/55 R18 Y tyres

Adaptive air suspension – electronically controlled air suspension with continuously adaptive damping system for all four wheels which regulates ride height and damping automatically. Choice of 5 modes (automatic, comfort, dynamic, off-road and lift) selected via the MMI system

Locking wheel-bolts

quattro® permanent all-wheel-drive with asymmetric-dynamic torque distribution

Audio and communication

MMI Radio

CD player in front instrument panel

Seats

7 seats (3 rows of seats) – second and third row can be split and folded flat to form a level load-area

Cosmo cloth upholstery

Safety and security

Anti-theft alarm (Thatcham Category 1 approved)

Anti-lock Braking System (ABS) and Electronic Brake-force Distribution (EBD)

Door exit lights at the front

Door lock switches on all 4 doors

Electronic Differential Lock (EDL)

Electronic Stability Programme (ESP) with extended on- and off-road functions and Trailer Stabilisation system

First-aid kit

ISOFIX – front passenger, second and third row seats with front passenger airbag de-activation switch

Parking brake – foot-operated

Rear acoustic parking

Service key which automatically memorises individual vehicle settings and service information

Side airbags for driver and front passenger

Side-impact protection in the doors

Sideguard head airbag system to protect front and outer rear passengers in a side collision

Tool kit and car jack

Warning triangle

Chrome grille

18" x 8J '6-arm' design alloy wheels

Rear LED lights

Dual-zone electronic climate control

Interior equipment

4-spoke multi-function leather steering wheel

8-speed automatic tiptronic transmission with Dynamic Shift Program (DSP)

12V sockets – 1 at front of centre console, 2 at rear of centre console and 1 in luggage compartment

Automatic climate control with separate driver and front passenger controls

Auto-dimming rear-view mirror

Cargo nets on backs of front seats

Collapsible spare wheel (with compressor) – max. speed 50mph

Compartment for glasses in roof module

Cruise control

Cup holders – 2 at front of centre console, 2 in rear armrest and 2 in side trim of third seating row

Double load-floor with storage compartment and dirt-resistant tray

Driver's Information System (DIS) with efficiency programme

Floor mats, front and rear

Front centre armrest, folding with storage compartment

Illuminated vanity mirrors

Inlays in gloss black

Luggage compartment cover

Luggage net in luggage compartment

Rear centre armrest in rear-seat backrest, folding, with 2 cup holders

Scuff plates with metal inlays

Servotronic steering – power-steering with speed-dependent control

Storage net at side of luggage compartment

Through-load hatch in the rear-seat backrest

Exterior equipment

Contrasting bumpers – front and rear bumpers and side sills painted (bumper colour is dependent on paint colour – see page 31 for more information)

Door mirrors – electrically-operated, heated and folding

Front fog lights

Halogen headlights

Light and rain sensor for automatic activation of headlights and front wipers

Roof rails (black)

Rear LED lights

Split-folding rear seats

3rd row of seats

Adaptive air suspension

quattro® permanent all-wheel-drive

SE model equipment

In addition to Standard model equipment

Basic RRP
£2,470.83

Total RRP inc VAT
£2,965.00

Wheels, tyres and suspension

19” ‘5-arm V’ design alloy wheels with 265/50 R19 110Y tyres

Seats

Cricket leather upholstery to centre of seat, head restraints and front and rear centre armrests. Door panel in Alcantara

Front seats, electrically adjustable with adjustment for forwards/backwards position, seat height, seat and backrest angle, and electric lumbar support

Seat heating for front seats

Audio and communication

Mobile telephone preparation – Bluetooth interface. Provides handsfree connection via Bluetooth using mobile phone aerial. Please contact your Audi Centre for phone compatibility

MMI Radio Plus:

- 6.5" colour screen
- Single CD player
- FM/AM radio
- DSP sound system
- 2x SD memory card readers

Interior equipment

Aluminium-look air vent surrounds

Comfort front centre armrest

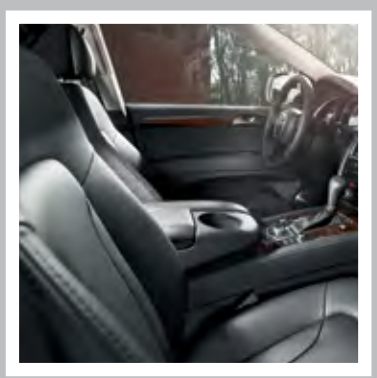
Inlays in Aluminium Marlin silver

Lighting package – includes door lighting under the exterior door mirrors, ambient LED lighting of the centre console, active door reflectors in the front and rear doors, footwell LED lighting at front and rear, rear door exit lights, lighting for air vents in the B-pillar and ashtray in the rear

Exterior equipment

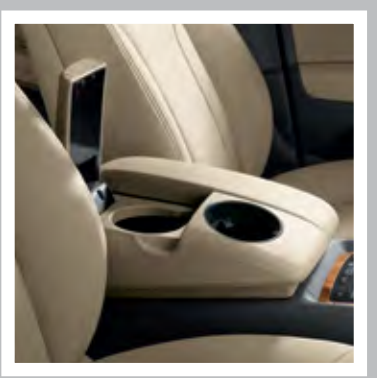
Aluminium window trim framing the exterior side windows and aluminium roof rails

19” ‘5-arm V’ design alloy wheels



Cricket leather upholstery

Aluminium window trim



Comfort front centre armrest

RRP – Recommended Retail Price. VAT is calculated at 20% but this may alter to reflect any change in the applicable VAT rate.

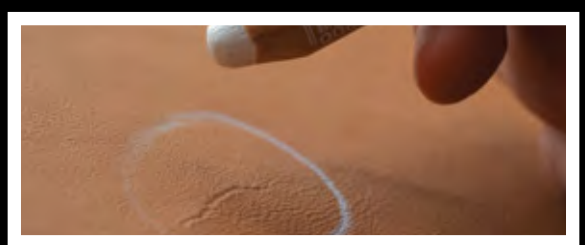
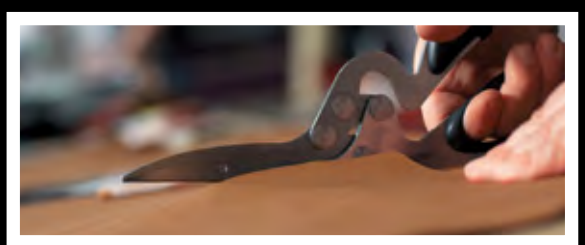
Audi exclusive

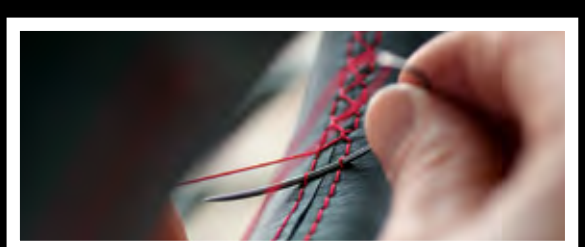
Audi exclusive

Every Audi is intrinsically exclusive. It's the breathtaking design, the exceptional engineering, the Vorsprung durch Technik. But for that special touch, you can specify your Audi Q7 with options from Audi exclusive. Whether you want a unique, custom-mixed paint colour or seats in a combination of complementary shades, Audi exclusive will enable you to drive the car you've always imagined.

Both the exclusive and standard options can be found on the following pages.







Audi exclusive line

Paint

You can select one of the standard colours shown opposite or, for a different look, choose from a range of optional finishes.

Options are subject to availability and may extend delivery.

All the colour swatches on this page are matched as accurately as possible to the actual paint colours used. However, due to print processes, Audi UK cannot guarantee that colours shown are 100% accurate.

Visit your local Audi Centre for a more accurate colour swatch.

*Only available on S line models (or available on non-S line models at Audi exclusive paint price).

RRP – Recommended Retail Price.

Upholstery

Audi exclusive

With Audi exclusive, you can specify your seats in Fine Nappa leather or Fine Nappa/Alcantara, in an array of different colours shown here.

Select just one all-over shade for each seat, or customise each panel in two or more complementary colours from the distinctive Audi exclusive palette. You can even choose the colour of the decorative stitching – to match or contrast with your chosen upholstery – from this varied collection. Whatever combination you decide upon, we think you'll be extremely comfortable with the result.

Also available:

Alcantara colours: available in all the Audi exclusive colours shown, except for Crimson red, Jet grey and Sand beige. Alcantara equivalents are Chilli red, Amethyst grey, and Sesame beige respectively.
Carpet colours: available in all the Audi exclusive colours shown, except for Crimson red and Saddle brown.

Please consult your Audi Centre for examples of Alcantara and carpet colours.

Service Plan

Choosing an Audi Service Plan provides an easy way to cover all your car's scheduled servicing with a convenient monthly payment plan. It can take care of everything from fluid and filter changes to your full service, ensuring you retain a full Audi service history. There are no servicing bills to plan for and you'll continue to benefit from today's prices for the length of your agreement.

Order Code			Standard	SE	S line	Basic RRP	Total RRP inc VAT

[1]The given values were obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

[2]Top speed is achieved in 6th gear.

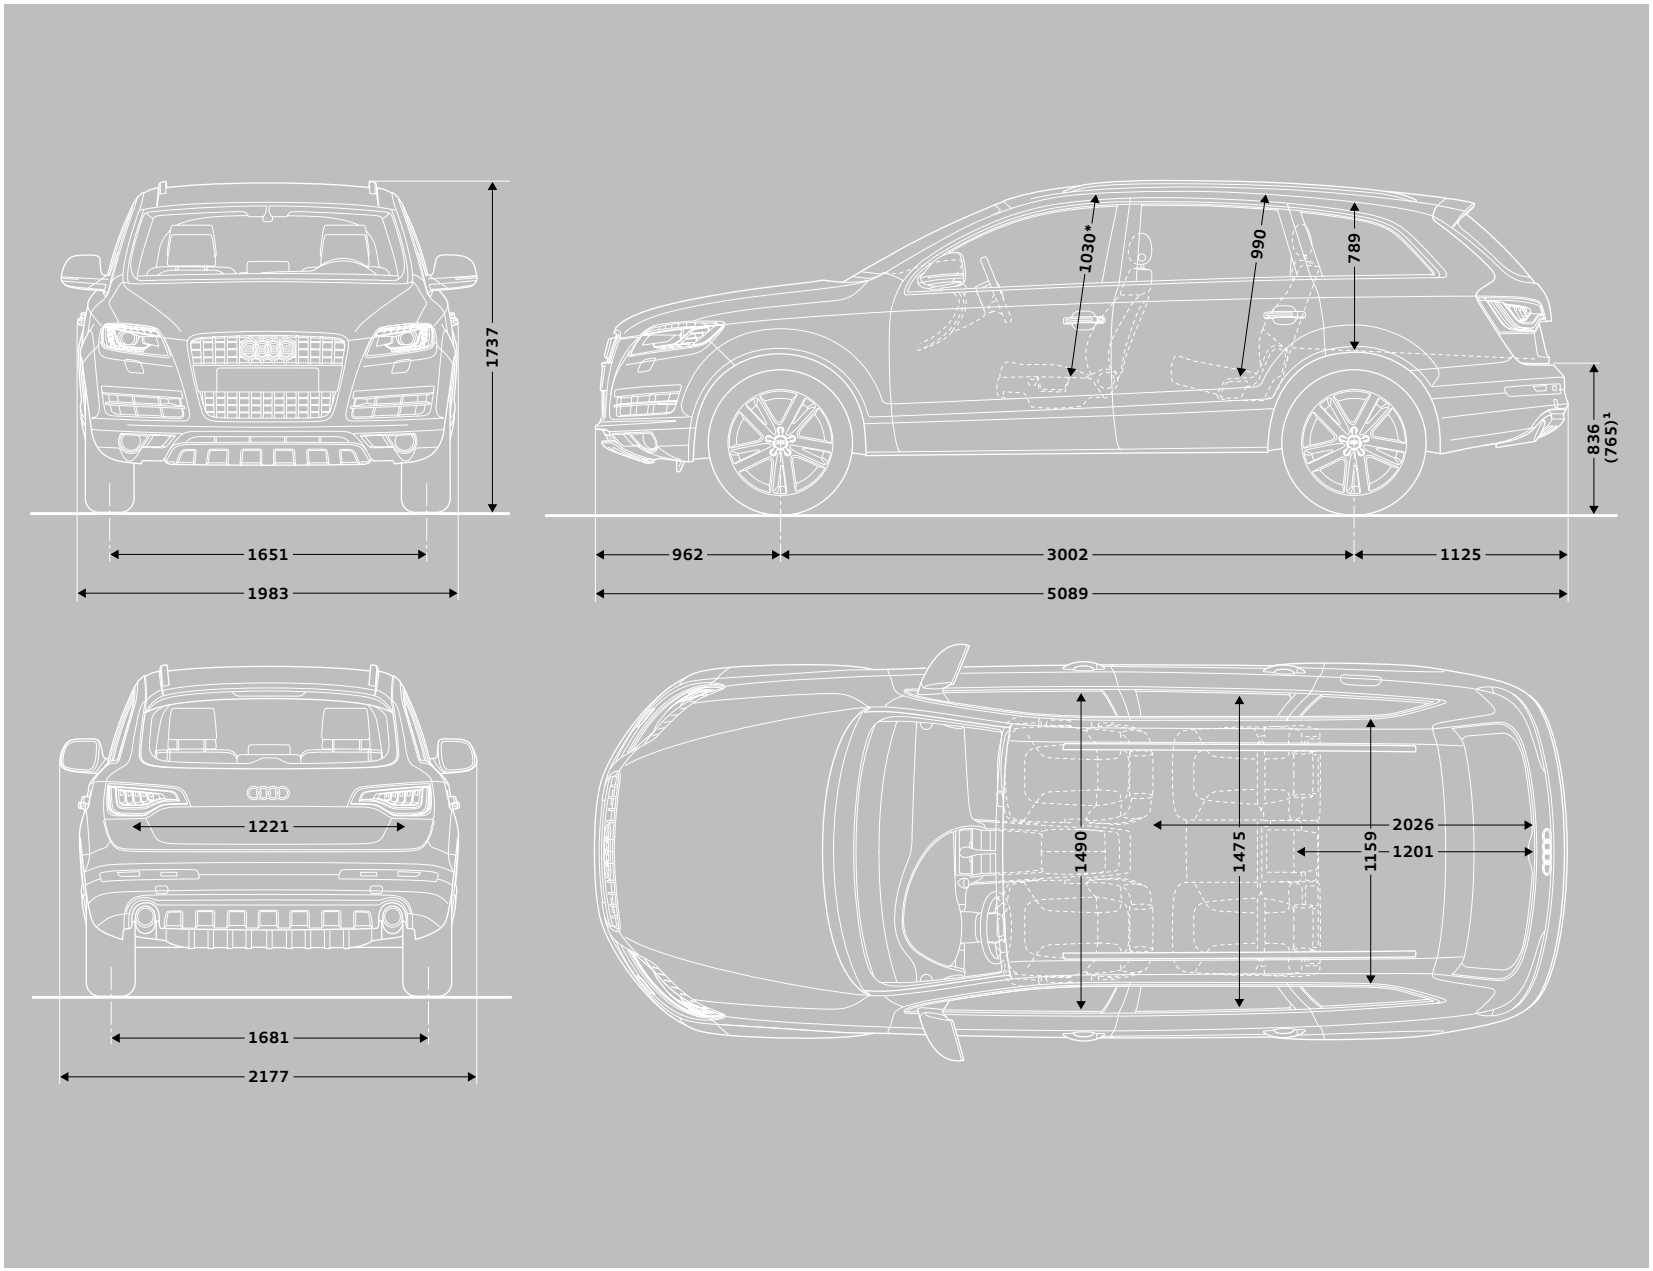
[3]The given values were calculated in accordance with the specified measurement procedure (the respective current version of Directive 80/1268/EEC). This information does not relate to a single vehicle and does not comprise part of the offer but is merely intended for the purpose of comparison between the different vehicle types.

[4]Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 92/21/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

[5]The engine's power output always goes down with increasing altitude. At 1,000m above sea level, and for every additional 1,000m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle). Value applies to trailer load for factory-fitted trailer towing hitch.

Audi Q7 dimensions

The technical drawings opposite show the exact dimensions of the Audi Q7, so you can check everything – from whether the car will fit in your garage to whether your luggage will fit in the boot.



Dimensions in millimetres.

*Maximum headroom.

Dimensions were measured with vehicle at unladen weight, ground clearance measured with vehicle carrying its maximum load. Luggage load area in litres: 775/2035 (Measured by the VDA standard test method using 200 x 100 x 50mm blocks. Second value is with the rear seat folded down and the vehicle loaded up to the roof height).

Turning circle approx 12m

[1] With air suspension, in lift mode.

Additional information

CO_2 data and information

CO_2 emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO_2) a vehicle emits, measured in grams per kilometre (g/km). First year VED rates apply to the first year of ownership. Annual VED rates apply thereafter. The DVLA has created thirteen categories:

Petrol and Diesel engines	First year	Annual rate (second year onwards)
A – up to 100g/km	£0.00	£0.00
B – 101 to 110g/km	£0.00	£20.00
C – 111 to 120g/km	£0.00	£30.00
D – 121 to 130g/km	£0.00	£95.00
E – 131 to 140g/km	£115.00	£115.00
F – 141 to 150g/km	£130.00	£130.00
G – 151 to 165g/km	£165.00	£165.00
H – 166 to 175g/km	£265.00	£190.00
I – 176 to 185g/km	£315.00	£210.00
J – 186 to 200g/km	£445.00	£245.00
K – 201 to 225g/km	£580.00	£260.00
L – 226 to 255g/km	£790.00	£445.00
M – over 255g/km	£1,000.00	£460.00

Vehicle Excise Duty (VED) rates correct at time of going to print, but these may alter to reflect any change in the applicable VED rate

Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

There are two schedules available and your Audi Centre will advise which schedule is most suited to your needs. The conventional fixed Audi Inspection Service schedule has fixed intervals for the Oil-change and Inspection Service that are based on time and distance, whichever comes first. With the Audi LongLife Service schedule, sensors take account of driving style and conditions in which the vehicle is used to indicate when the Oil-change Service is required. Oil-change Service intervals are therefore variable and are conveniently indicated via the on-board service interval display.

Fixed Inspection Service Schedule

	Vehicle usage:
Mileage	Less than 10,000 miles per annum
Type of journey	Mainly city/town centre driving. Short journeys
Conditions	Frequent cold starts. High engine loading – e.g. frequent hill climbs, vehicle fully loaded, towing
Driving style	Uneconomical – e.g. heavy acceleration, heavy braking, constant changes in speed, constant use of high revs, 'sporty' driving
	Service Intervals:
Oil-change Service	Fixed to every 9,000* miles/1 year
Inspection Service	Fixed to every 19,000* miles/2 years

Variable LongLife Service Schedule

	Vehicle usage:
Mileage	More than 10,000 miles per annum
Type of journey	Motorway and main road driving. Mainly longer distance journeys. Constant speeds
Conditions	Normal engine loading – e.g. with little or no towing, with little or no hill climbs. Normal vehicle loading
Driving style	Moderate acceleration, moderate braking, engine revs mainly below 3,000
	Service Intervals:
Oil-change Service	Variable to a maximum of every 19,000* miles/2 years
Inspection Service	Fixed to every 19,000* miles/2 years

*As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Additional information

Welcome to Audi

By placing an order for your Audi, you're choosing to get behind the wheel of one of the most sophisticated cars on the road. And because we believe the service we offer should be just as advanced, we wanted to let you know exactly what you can expect from us, now and in the future.

We've agreed a set of standards with all our Centres, which governs the way we do business with you. It outlines the kind of service we promise to deliver for every customer, right down to filling each new Audi we sell with half a tank of fuel.

So whether you're interested in the date your car will arrive in the UK or the way we'll dispose of non-biodegradable materials after we service your Audi, you can have total confidence in us.

Audi Promise

Audi Centres

We guarantee that all our Centres will be open as follows:

Sales: Monday to Friday 9am–6pm
Saturday 9am–5pm

Service: Monday to Friday 8am–6pm
Saturday 8.30am–1pm

Sunday opening is at local discretion.

New car delivery

Once we've confirmed a delivery date for your car, we'll keep you informed of progress. Subject to reasonable notice, we'll then deliver it to a place of your choice, whether that's your home or work. In the unlikely event of a delay, we'll provide a courtesy car to minimise inconvenience and keep you mobile.

The experts in Vorsprung durch Technik

Would you entrust your Audi to anyone who hasn't been regularly trained to Audi standards? Our Audi Approved Master Technicians have undergone an impressive 100,000 hours of training over a 10-year programme to ensure they have the latest technical expertise for maintaining and servicing your Audi. All our Service Advisors undergo a specialist induction and training to ensure they are Audi professionals and able to talk to you about any issues you may have with your Audi vehicle. What's more, we have so much expertise and experience in looking after Audi vehicles that we are able to make a note of your mileage and the state of your vehicle as and when we see it and predict when certain key events may occur. As part of our commitment to you, we will notify you in plenty of time so you can make an appointment with us.

Your convenience comes first

At Audi you can choose from a range of convenient services that suit your needs. Why not book a 'service while you wait' appointment* and enjoy our complimentary refreshments while your car is with us? Or, if you need to be mobile, take advantage of one of our courtesy cars which we can even collect and deliver to you.* We guarantee we can service your Audi within 5 days without a courtesy car, or within 10 days if you need transport. We will also ensure your car is returned to you with a full valet.

Audi Genuine Parts

Would you put a part into your Audi that wasn't the same quality as the factory fitted original? You can rest assured that only Audi Genuine Parts will be used on your vehicle. What's more, Audi parts and labour come with a 2-year guarantee.** We stock a wide variety of parts, so we are well covered. However, if we don't have a part in stock at our Centre we have the back-up of parts at other Audi Centres, at our national warehouse and our factory and can usually source the relevant part very quickly.

We don't like surprises either

We believe strongly in transparency and there will be no hidden costs. For added peace of mind, we will give you a quotation over the phone for the work you have requested and email you the price confirmation. We'll consult you if any additional work on your car is needed when it is with us. We won't carry out any extra work without asking your permission first.

The Audi Stamp

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value of your car. Only the Audi Stamp will prove your approved Audi service history.

Getting better every time

We continually gather feedback from our Audi Trained Technicians, as well as our customers, to ensure our vehicles are running as they should. Whenever we see an Audi for a service, we connect it directly to our headquarters in Ingolstadt which enables us to check your car's software and make sure it's as up-to-date as possible. If the factory has released a software upgrade for your model, it can be applied immediately – improving anything from your car's efficiency to the precision of its parking system.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner.

*Subject to availability.

**Excludes wear and tear.

Pricing information

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre, as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 20% but this may alter to reflect any change in the applicable VAT rate.

Delivery charges and number plates are not included in the vehicle price.

Delivery charge	£471.66
Number plate	£20.00
VAT	£98.34
Total	£590.00

Audi Roadside Assistance

Your new car comes complete with 3 years' complimentary roadside assistance and recovery across the UK provided by RAC Motoring Services. Also included is roadside assistance throughout Europe, managed by RAC Motoring Services.

For further information and terms and conditions please visit audi.co.uk

Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- A 3-year Audi warranty, which covers you for unlimited mileage in the first 2 years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the 3rd year
- A 3-year paint warranty
- A 12-year anti-corrosion warranty
- 3 years' UK roadside assistance and recovery

You also have the option when ordering your new car of choosing a 4-year or 5-year Audi warranty. Speak to a member of the sales team for more information.

Audi Tax-Free Sales

If you are entitled to purchase a vehicle free of VAT, normally through Military or Diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call Freephone 0800 585878.

Audi Finance

Audi Finance specialise in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there are a range of funding options to choose from.

Below is the full range of finance products.

- Solutions – a Personal Contract Plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all products, you can choose a fixed-cost maintenance plan designed to help you budget accurately.

No matter what Audi model you choose, your local Audi Centre can provide you with a personalised quote which could fit your budget and motoring needs.

Audi Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Audi Insurance
